LATE TO BOOK**

WHEELS 30
INDIVIDUAL ENDURANCE
Duration approx 1½ hours.

The Wheels 30 event is our most popular Group format and offers unbeatable value on a totally private and exclusive basis.

Our Clubspeed / AMB timing system logs all the lap times during the 3 minute pre-race practice and 5 minute qualifying session in order to generate grid positions for the main, solid and uninterrupted 30 minute race to the chequered flag.

In fact it's just like F1, with trophies and podium ceremony for the top three drivers.

TWENTY 20
INDIVIDUAL ENDURANCE
Duration approx 2 hours.

For those not satisfied with just one race, we introduce the Twenty:20.

The session starts with a 10 minute pre-race practice session to familiarise yourself with the circuit, then starting from a random grid position you take to the track for the first of your 20 minute races. To even things up and create a greater challenge, the starting grid from the first race is then reversed for your second 20 minute race.

The results of both races are then combined to find the ultimate winners.

THE IRON MAN
INDIVIDUAL ENDURANCE
Duration approx 1¾ hours.

Not for the faint hearted! The Iron Man tests the skilled driver to the limits.

If you can excel as energy levels fall, focus your mind as others dream, retain the pace and mental agility as others slow, then this is the event for you. If not, forget it!!!

This event is similar to a Wheels 30 only with 10 minutes of practice / qualifying and a huge 50 minutes of intense racing in the main feature race to the flag!

**GRAND PRIX
SPRINT**

The Grand Prix Sprint event is guaranteed to put you through your paces. After a full race briefing from a NKA (National Karting Association) approved instructor the group take to the track for a 5 minute practice session. Each driver also competes in 2 action packed 8 minute heats with grid positions reversed for the second race. No one is left out as all drivers proceed to an electrifying 10 minute Grand Prix Final* followed by our famous Podium Ceremony.

* For larger numbers multiple finals are held so that nobody misses the action.

WHEELS 60 TEAM ENDURANCE

Duration approx 2 hours.

The Wheels '60' builds on the '30' and sees groups of 18 - 54 drivers competing in teams of 2 or 3, adding a strong element of teamwork and tactics to the outright speed required for individual success. Available on the 'New International' or 'New National' Circuits.

Teams are issued with a Pit Board to 'call' driver changes with the duo or trio that completes the most laps in the 60 minute race being declared the winners. The Race Director then hosts the podium ceremony with trophies awarded for the top three teams. The whole event package lasts around two hours.

WHEELS 90 TEAM ENDURANCE

Duration approx 3 hours.

The Wheels '90' builds on the '60' and sees groups of 18 - 72 drivers competing in teams of 2 - 4, perfect for medium sized groups that want more space and time on the circuit. Available on the 'New International' or 'New National' Circuits.

Again, the event is totally private and exclusive with driver changes and the team that completes the most laps in the 90 minute race being declared the winners.

The Race Director then hosts the podium ceremony with trophies for the top three teams.

WHEELS 120 TEAM ENDURANCE

Duration approx 3½ hours.

The 120 event features pit stops for driver changes, with success depending on a heady mix of outright speed, teamwork and tactics, making it ideal for team building exercises and inter-company or departmental challenges!

Firstly drivers have 32 minutes of qualifying. As the race nears its conclusion, frenzied activity from team members reaches fever pitch before the chequered flag drops on the epic two hour main race. The podium ceremony awards trophies and bubbly.

FLYING 40 TEAM ENDURANCE

An ideal 'Fun Event' for private groups. Available on the 'New National' Circuit for groups of 16 - 30 drivers on any Tuesday to Friday slot, this new format offers unbeatable value for those who want a cool event.

As teams of two you take to the circuit for a 10 minute qualifying session. Savour the 'banter' as Teams are issued with a Pit Board to 'call' driver changes in a relay format with the duo that complete the most laps in the 40 minute race being declared the winners. A full Podium Ceremony with Medals and Bubbly Spraying ends your memorable event.

Merry Christmas & Happy New Year

The legendary Grand Prix Karting Birmingham Wheels International Circuit is arguably the most famous outdoor kart raceway in the UK.

Situated just one mile from Birmingham City Centre within easy reach of the West Midlands motorway network (M6, M5, M40 & M42), its central location is perfect if you are coming from Wolverhampton, Walsall, Stafford, Stoke-on-Trent, Lichfield, Derby, Tamworth, Solihull, Nottingham, Coventry, Warwickshire or further afield.

This superb motor sport centre stands unchallenged as the best karting circuit in the Midlands, boasting state of the art race karts manufactured by World Championship winning race constructor BIZ. It also features fully floodlit outdoor International, National, Club and Junior Circuits with dedicated free parking and excellent corporate hospitality and conference facilities.

If you are looking for the fastest party in town and memories that will last a lifetime then look no further!
