Group Bookings For 10-18

MEDALS FOR
THE TOP 3

WHEELS 30

INDIVIDUAL ENDURANCE

Duration approx 1 ½ hours.

The Wheels 30 event is our most popular group format and offers unbeatable value on a totally private and exclusive basis.

Our timing system logs lap times during the 3 minute pre-race practice and 5 minute qualifying session in order to generate grid positions for the main, solid and uninterrupted 30 minute race to the chequered flag.

In fact it's just like F1, with trophies and podium ceremony for the top three drivers.

TWENTY 20

INDIVIDUAL ENDURANCE

Duration approx 2 hours.

For those not satisfied with just one race, we introduce the Twenty:20.

The session starts with a 10 minute practice session to familiarise yourself with the circuit, then starting from a random grid position you take to the track for the first of your 20 minute races. To even things up and create a greater challenge, the start grid from the first race is then reversed for your second 20 minute race.

The results of both races are then combined to find the ultimate winners.

THE IRON MAN

INDIVIDUAL ENDURANCE

Duration approx 1 ¾ hours.

Not for the faint hearted! The Iron Man tests the skilled driver to the limits.

If you can excel as energy levels fall, focus your mind as others dream, retain the pace and mental agility as others slow, then this is the event for you.

This event is similar to a Wheels 30 only with 10 minutes of practice / qualifying and a huge 50 minutes of intense racing in the main feature race to the flag!

GRAND PRIX SPRINT

The Grand Prix Sprint is sure to put you through your paces. After a race briefing from an approved instructor the group take to the track for a 5 minute practice session. Drivers also compete in 2 action packed 8 minute heats with the grid positions reversed for the second race. No one is left out as all drivers proceed to an electrifying 10 minute final* followed by our podium ceremony.

*NB For large groups multiple finals are held.

Team Events For 18-200

WHEELS 60

TEAM ENDURANCE

Duration approx 2 hours.

The Wheels '60' builds on the '30' and sees groups of 18 - 60 competing in teams of 2 or 3, adding a strong element of teamwork to the outright speed required for individual success. Available on the 'New International' or 'New National' circuits.

Teams are given a pit board to 'call' driver changes with the team that completes the most laps in the 60 minute race being declared the winners. Medals and bubbly are awarded to the top three teams during our famous podium ceremony.

WHEELS 90

TEAM ENDURANCE

Duration approx 3 hours.

The Wheels '90' builds on the '60' and sees groups of 18 - 80 competing in teams of 2 or 4, perfect for medium sized groups that want more space and time on the circuit. Available on the 'New International' or 'New National' configurations.

The event is totally exclusive and the team that completes the most laps in the 90 minute race are declared the winners. Medals and bubbly are awarded to the top three teams during our famous podium ceremony.

WHEELS 120

TEAM ENDURANCE

Duration approx 3½ hours.

The 120 event features pit stop driver changes, with success depending on a mix of outright speed, teamwork and tactics, making it ideal for team building exercises and inter-company or departmental challenges! Qualifying lasts 32 minutes.

As the race nears its conclusion, frenzied activity reaches fever pitch before the chequered flag drops on the epic 120 minute main feature race to the flag.

FLYING 40

TEAM ENDURANCE

A 'Fun Event' for private groups. Available on the 'New National' circuit for groups of 16 - 30 drivers on any Tuesday to Friday slot, this format offers unbeatable value for those who want an exciting, quick-paced event.

As teams of 2 you take to the circuit for a 10 minute qualifying session and teams 'call' driver changes in a relay format with the duo that complete the most laps in the 40 minute race being declared the event winners.

Circuit Configurations

International Circuit

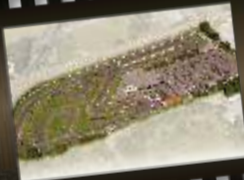

The home of current and past British champions, this truly awesome circuit is a full kilometre in length and allows participants to reach 60mph speeds. If your only experience of karting is indoors, one look at our real outdoor circuit will simply blow your mind. The circuit is stadium floodlit, and facilities include private parking for 200 cars, a dedicated hospitality suite and adjoining VIP paddock, plus the very latest AMB timing system accurate to one thousandth of a second.

National Circuit

Created in 2009, the 'National' circuit measures in at three quarters of the full circuit presenting a new challenge to the most experienced racers. By excluding the hairpin, this highly technical circuit closes the race grid providing more overtaking opportunities at speeds slightly below those attainable on the 'International' circuit. Smaller groups can enjoy a lively atmosphere whilst guaranteed plenty of race interaction by opting for this configuration. The circuit is also stadium floodlit.

Race by day or night

Kart Specifications

BIZKARTS

NKA

NATIONAL KARTING ASSOCIATION

Our motor sport centre stands unchallenged as the best karting race track in the Midlands, boasting state of the art race karts built by World Championship winning race constructor BIZ.

Our latest fleet of BIZ NG1 Thunderkarts feature Honda GX270 unrestricted and race-tuned petrol engines which are quick of the mark and are capable of 60mph.

Our race karts are extremely user-friendly and access into the karts is safe and easy. Our seats are fully adjustable as are the pedals which combine to offer a comfortable tailored fit for all participants.

At Grand Prix Karting we pride ourselves on offering a fleet of karts which are like-for-like and our team of mechanics work tirelessly to ensure that all competitors have evenly matched race equipment prepared to the highest standards.

The ultra-light steering is predictable and responsive which will make navigating either of our circuits an absolute adrenaline-fuelled joy!

Venue Facilities

Be it a board meeting with a difference, sales conference or simply motivating staff, Grand Prix Karting are here to help. With a choice ranging from small syndicate rooms to theatre style facilities for up to 80 delegates on site we are a fantastic choice for that 'function with a difference'.

What better way to reward hardworking staff or create an unforgettable client day? Combine a morning's hard work with the reward of an afternoon in the 'fast lane'!

With ample space onsite for large machinery, (We have helped launch cars and even demonstrate cranes!), this is the ideal venue to make your company and its products the centre of attraction.

Once you have finished demonstrating a product to potential customers, your guests become the motor sport stars of the day which will ensure that both your product and company remain memorable for years to come.

Situated just one mile from Birmingham City Centre within easy reach of the West Midlands motorway network our central location is perfect if you are coming from Wolverhampton, Stafford, Stoke-on-Trent, Derby, Solihull, Nottingham, Coventry, Warwickshire or further afield. In the heart of our venue is a complimentary car park which will accommodate 200 cars. Access by coach or bus is also possible.

Grand Prix Karting offer a wide range of high quality catering options to compliment your race event. We have buffet options that include sandwich, roll, wrap and cake platters as well as our popular hot food options which include samosas, pakoras and curries. For morning events why not greet your guests with hot bacon rolls?

Complimentary hot and cold drinks will be provided through-out your stay with us. Please call to request a full copy of our menus.
